Headteacher's Weekly News

Walking around the school it is lovely to see the children working so hard. There is a real sense of purpose within the school and the children are trying hard to impress their teachers with the work that they are doing.

This week the staff were looking at the standard of maths work across the school, right from our Nursery children up to Year 6. It is very clear from their work that the children are really developing their knowledge of this subject and are applying it well to problem solving. Well done to all of the children. I know that Miss Anders and Miss Cordey, who co-ordinate this area of the school, are very proud of all the hard work that the children are doing and are impressed with how well they present their work.

Thursday we have our Harvest assemblies. Please remember that any donations will be taken by our school council to support people within our local community.
