Children's Centre Manager: Makeda Hypolite

Deputy Head: Georgina Fitamant
Assistant Head: Fiona Williamson

Our children love to learn! The Spring term is full of lots of exciting new topics. Our children take great delight in sharing exciting stories about interesting places they have visited and take great pride in sharing new facts they have learnt. Here is some information about what your children will be learning this term. Why not help your child in finding out more about these topics, which they can then share with their class. There are lots of resource on-line as well as a treasure trove of information in the Burnt Oak library. We look forward to you joining us on our learning journey!

Subject	In Year 5 we will be exploring...
Science 	Earth and Space is a topic where we learn about the movement of the earth and other planets, the earth's rotation to explain day and night and the apparent movement of the sun across the sky and describe the movement of the moon relative to the earth.
Art & DT 	In Design and Technology we design, make and evaluate bread from all around the world. We have great fun tasting a variety of world breads! When doing this we learn how bread ingredients are grown and processed as well as using a variety of cooking techniques. We learn how to make bread and then design, make and evaluate our own bread. Tasty! In art we will be looking at how to use different materials, in our "Talking Textiles" topic, to create artwork with a variety of textures and pattern.
Computing 	In computing we are using the book creator app to create our own non-fiction book linked to our science topic. We will continue to develop our online safety knowledge.
Humanities 	In geography we are learning about physical and human geographical features. We are focusing on the country Kazakhstan. We will be drawing some comparisons with the UK. In history we are beginning to explore Early Islamic Culture.
PE 	Hockey and dance.
R.E 	Christianity, exploring to the origins of the bible along with a visit from the local vicar.
PSHE 	Philosophical enquiry questions along with our Dreams and Goals which means we think about our futures and investigate jobs and careers. We focus on our own dreams and goals, share these with our friends and support each other in trying to achieve them.
Music 	How to develop our musical skills through a "journey into space"
