

SPORTS PREMIUM – 2018 – 2019

How Barnfield is allocating the funding:

- ✓ We have allocated some of the funding to buy into the Barnet Sports Partnership facilities which provide access to sporting competitions, coaching and other sports opportunities for our children.
- ✓ Providing dance opportunities after school and multi-sports and dodgeball training before school.
- ✓ A large proportion of the budget is being spent on professional development of our staff in outdoor games. We have invested in a specialist PE coach to work alongside our class teachers and provide them with continuing professional development opportunities to up-skill their own teaching of PE. Last year this team-teaching was directed at indoor PE. Each teacher works together with the coach all term and receives feedback and targets on their delivery of PE. Units of work are then subsequently planned to ensure that high quality PE is delivered by all our Infant teachers. New teachers to the school are given the priority for professional development and then staff who have moved year group are also supported.
- ✓ PE is a Barnfield school priority this year and we train all of our staff in the teaching of high quality, inclusive PE lessons in termly inset training sessions. The grant has helped to ensure that we have enough equipment and planning time in order to deliver these successfully.
- ✓ Barnfield provides a very wide range of extra-curricular sports opportunities outside of the school day (street dance, fit club, football, netball, cricket, athletics, gymnastics). The government grant has helped to extend these opportunities and ensure that we can offer them to our students.
- ✓ Barnfield recognises the importance of break time and lunchtime activities in supporting the development of healthy active lifestyles. We have therefore increased the range of equipment available during these times so that we can offer our pupils fun and exciting opportunities to engage in physical activity during the school day.
- ✓ Training of our Meal Time Supervisors in co-operative play is also part of the action plan. A member of staff has attended training and this will then be shared with all staff and monitored to see impact.
- ✓ Staff are released to attending competitions and training with pupils to develop their sporting abilities.

Total Grant : £19,985
