AIMING HIGH FROM THE START

At Barnfield we
Dream Believe Achieve
To be the best we can be

We know you are about to make probably the most important decision so far in your child's life. Starting school is a huge milestone for your child and you.

In our school, we have high expectations of all our pupils from the youngest to oldest. Threaded throughout our curriculum, is an ethos which helps our children recognise that anything is possible through hard work and effort. It is so important our pupils know this.

Throughout their journey in our school, we intend to develop articulate, caring children with a thirst for knowledge. We want our pupils to be resilient individuals who are not afraid to take risks. Our children will know how to lead healthy lives both physically and emotionally and embrace the culturally diverse community we live in and celebrate.

We are determined that by the time our children are ready to leave our school, they will be confident, successful students and role models.
